1. Context

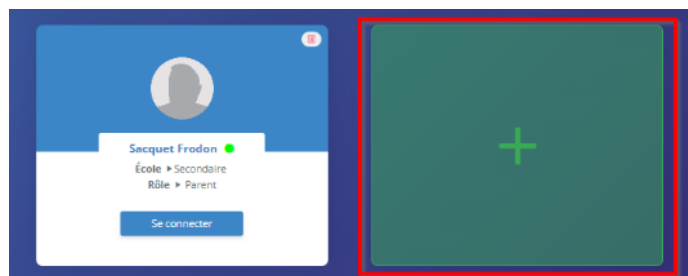

If you have multiple children, you can link their different accounts to switch between them with a single click. This tutorial will guide you through the steps to set up these links.

2. Create a link between two accounts

- Log in to one of the accounts.
- Click on the account's first and last name, in the top right corner of the page.
- Click on the "Switch account" button.

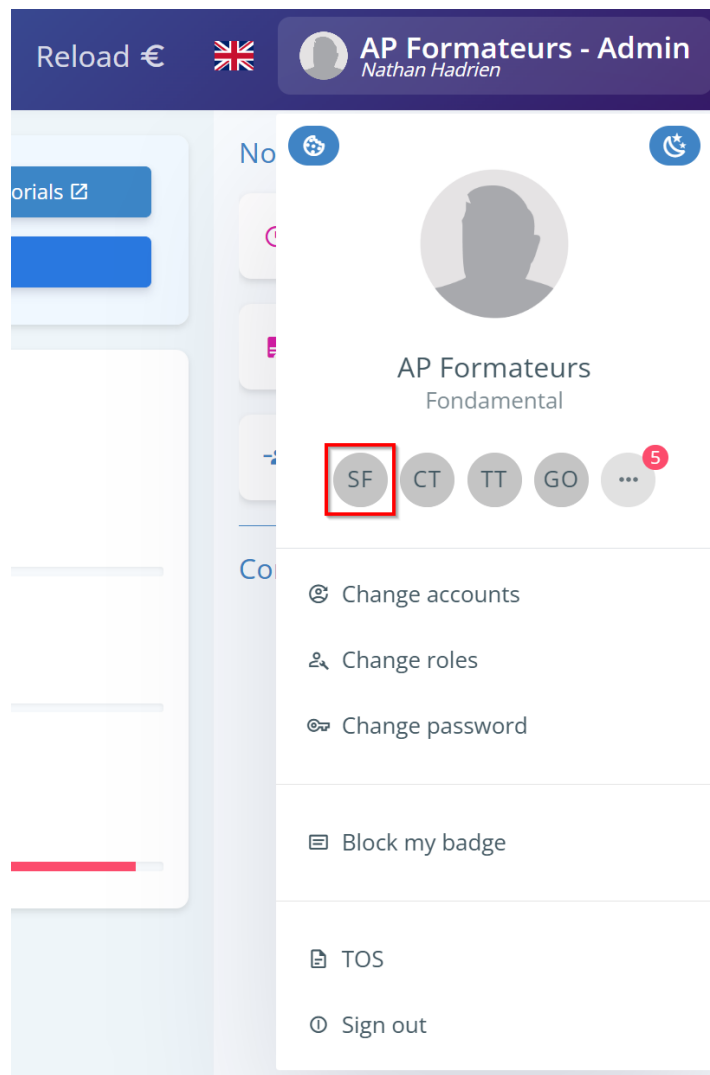

- Click on the green "+" button
- Complete with the username and password of the other account.

- Check the "Save link in both directions" box to be able to switch from one to the other easily.
- Click the "Save" button.

3. Switching between accounts

- Log in to one of the accounts.
- Click on the account's first and last name, in the top right corner of the page.
- Click on the bubble corresponding to the initials of the second account, just above the "Switch account" button.
